Thank you so much for your kind email, Beth. It is so refreshing to hear about the impact that our teachers make on the kids and families in the school community. Mrs. Williams is a special one, and you are right – I don't know what we would do without her! She is one that we hang on to at all costs!

Thank you for all you do for the school and community. PTO members like yourself are special to the school! And thank you for being a friend and such a great support in the school!

Monica

Dr. Sandrell,

I just wanted to let you know how much the parents and families appreciate Sarah Williams. She is such an amazing person and teacher and is a foundational member of this school community. I really don't know what the school would do without her! The highest test scores in the school, two-time teacher of the year, always helping with PTO events, staying late to tutor kids that need support, I mean what else can she do, right?! She was instrumental in helping make the PTO July 4 celebration event a success. For someone to come in on their summer break and put in those long hours to make this event successful is just a blessing to the school and all the kids and families. We love her so much and just wanted you to know that every single parent who I talk to routinely tells me what a wonderful person she is and how she makes them smile every day.

Thanks for keeping people like her at Pikeville Elementary! These are the kind of people that make our school great!

Beth
