Janice,

You are an exceptional member of the school. The light you bring to the building every day is infectious and makes everyone shine a bit brighter. You are one of the hardest working people in the school and we are all better for your example. Thank you for all you do. Helping with Jacob is the least I could do to return the thanks.

I am sorry for the challenges you are facing at home. Please do not hesitate to let me know how we can help and support you. We are here for you!

Monica

Dr. Sandrell,

I am just so thankful to be a part of this school community. Thank you so much for including me and supporting me along the way. Things have really been difficult for me the past few years. Jacob's disability has begun to manifest more prominently at home and being a single mom on an hourly parapro wage and trying to keep everything together...it's just hard. I am so thankful that you helped me work out that transfer for Jacob to attend Lincoln Middle School. I just don't know what I would do if he had to attend his zoned school. It's so far away and the time to get him there and then to work and the gas it would take to do all of that would be crushing to an already tough situation. I will do everything I can to make sure that he can stay at LMS. Thank you for helping me.

Sincerely,
Janice
