Principals,

I am following up from our recent principals' meeting regarding the new curriculum, Nimble Minds, and the district implementation. Please be advised that adoption of the curriculum is a non-negotiable and aligns with indicators 4-10 of Goal 3 of our district 5-year strategic plan. All teachers are expected to implement the curriculum. We will be conducting fidelity check walkthroughs over the next month and will debrief with you after the visits to understand how we can best support you in this rollout. Please note that you have district support to use progressive disciplinary measures involving written reprimands leading up to termination for insubordination for any teacher refusing to fully implement the new curriculum.

Please contact my office if you have any questions.

Thanks,

Jessica Hughley, Ed.D.
