Dr. Washington,

I know you probably don't know who I am, but my daughter, Ansley, came through Adams Elementary about 10 years ago. I just dropped her off in her dorm room at college for her freshman year. I know this sounds crazy, but I owe her success to Mrs. Simms at Adams Elementary. Mrs. Simms instilled a love for learning in her years ago that still burns today. She is the best teacher I have ever seen. Adams Elementary is so lucky to have her! She made such an impact on my family that I felt compelled to email you all these years later!

We love Mrs. Simms! She is the greatest!

Sincerely,
Joan Diaz
