Dr. Washington,

Could we schedule a time to meet? I would like to discuss my grade level team dynamics with you. I am trying to get my team on board with the new district curriculum, but I am having great difficulty convincing my team that it is worthwhile. A lot of us in the school are trying really hard to make this curriculum work and are really bought into the idea of Nimble Minds. However, seeing teachers like Mrs. Simms not even attempting to do the curriculum is making it hard to convince anyone that they should make any changes. It's just been really tough. Could we please meet to discuss this?

Thanks,
Sarah
