**Subject:** RE: Principal Position in CPS  
**Attachments:**

Dr. Glenlee,

Thank you for welcoming me to the district in the principals' meeting last week. I appreciate the kind words that were shared. I am taking inventory of our school's resources and necessary supports needed to make improvements, and we could sure use some additional funding for personnel to support our ELL students. If not additional funds then maybe an exception hire to allocate a certified teacher to support some intervention groups? Our recent trajectory of achievement, current staffing level, and the diverse needs of our students is pointing to additional resources that are needed to make the improvements that we desire. Could we schedule a time to look at this together?

Thanks,  
Christopher

Mr. Seals,

Thank you for your recent interview to serve as a principal in the Crockett Public Schools district. The interview team was thoroughly impressed with your knowledge of instructional improvement and record of school success and turnaround. You are just the person we need to support the growing population at Richland Elementary School and drive greater student achievement. Please accept this email as my formal invitation to join the team at Crockett Public Schools. I look forward to hearing from you.

Lacey Glenlee, Ph.D.  
Superintendent  
Crockett Public Schools
